

Seavets Racing Programme 2024

The main series will comprise all the race days at Farmoor and three LWA events - Queen Mary, Farmoor and Burghfield. The Farmoor days are on the first Thursday of each month from April to October. If the weather is unsuitable they may be re-scheduled or abandoned and notification will be sent to the racing WhatsApp group no later than the preceding Tuesday. A minimum of three competitors will be required for any event to count towards the series. Scoring will be as before ie. one more than half of races to count.

In addition, to cater for those members who can only sail at weekends we include the whole of the LWA summer series on the programme and Seavets results will be extracted from those events in a separate series. The Icebreaker events will not be included.

Richard Williams has circulated a separate schedule of dates for all the cruises.

Date	Farmoor/LWA Series	LWA Series	Other
