

Seavets Events Programme 2025

The Seavets Series for 2025 comprises three events with the LWA and seven events at Oxford S.C. Farmoor - Thursday 10th of April and then the first Thursday of each month to October.

For Farmoor events there will be a reminder on WhatsApp one week prior to the event with confirmation on the following Tuesday. As agreed at the AGM, Farmoor events will be postponed if strong wind is forecast (gusts over 20knots). Otherwise, events will go ahead.

LWA will provide racing for sailors using 7.8 meter sails as part of their programme. Full details are available on the LWA [website](#).

There is one change to our racing rules at Farmoor for 2025: All finishers must pass within two board lengths of the final buoy.

Richard Williams has circulated a separate full schedule of dates for cruises.

Date	Farmoor/LWA Series	Other
